

# Environmental Campus Birkenfeld **Deutschlandsemesterticket**

in the Portazon app

# Your studies, your advantage

Are you studying at the Environmental Campus Birkenfeld and want to be mobile on public transport throughout Germany?

The AStA at Environmental Campus Birkenfeld and its mobility partner SWT Stadtwerke Trier offer you a fully-fledged Deutschlandticket in the Portazon app, which is already paid for with your semester fee.

We will show you exactly how this works in detail on the following pages!

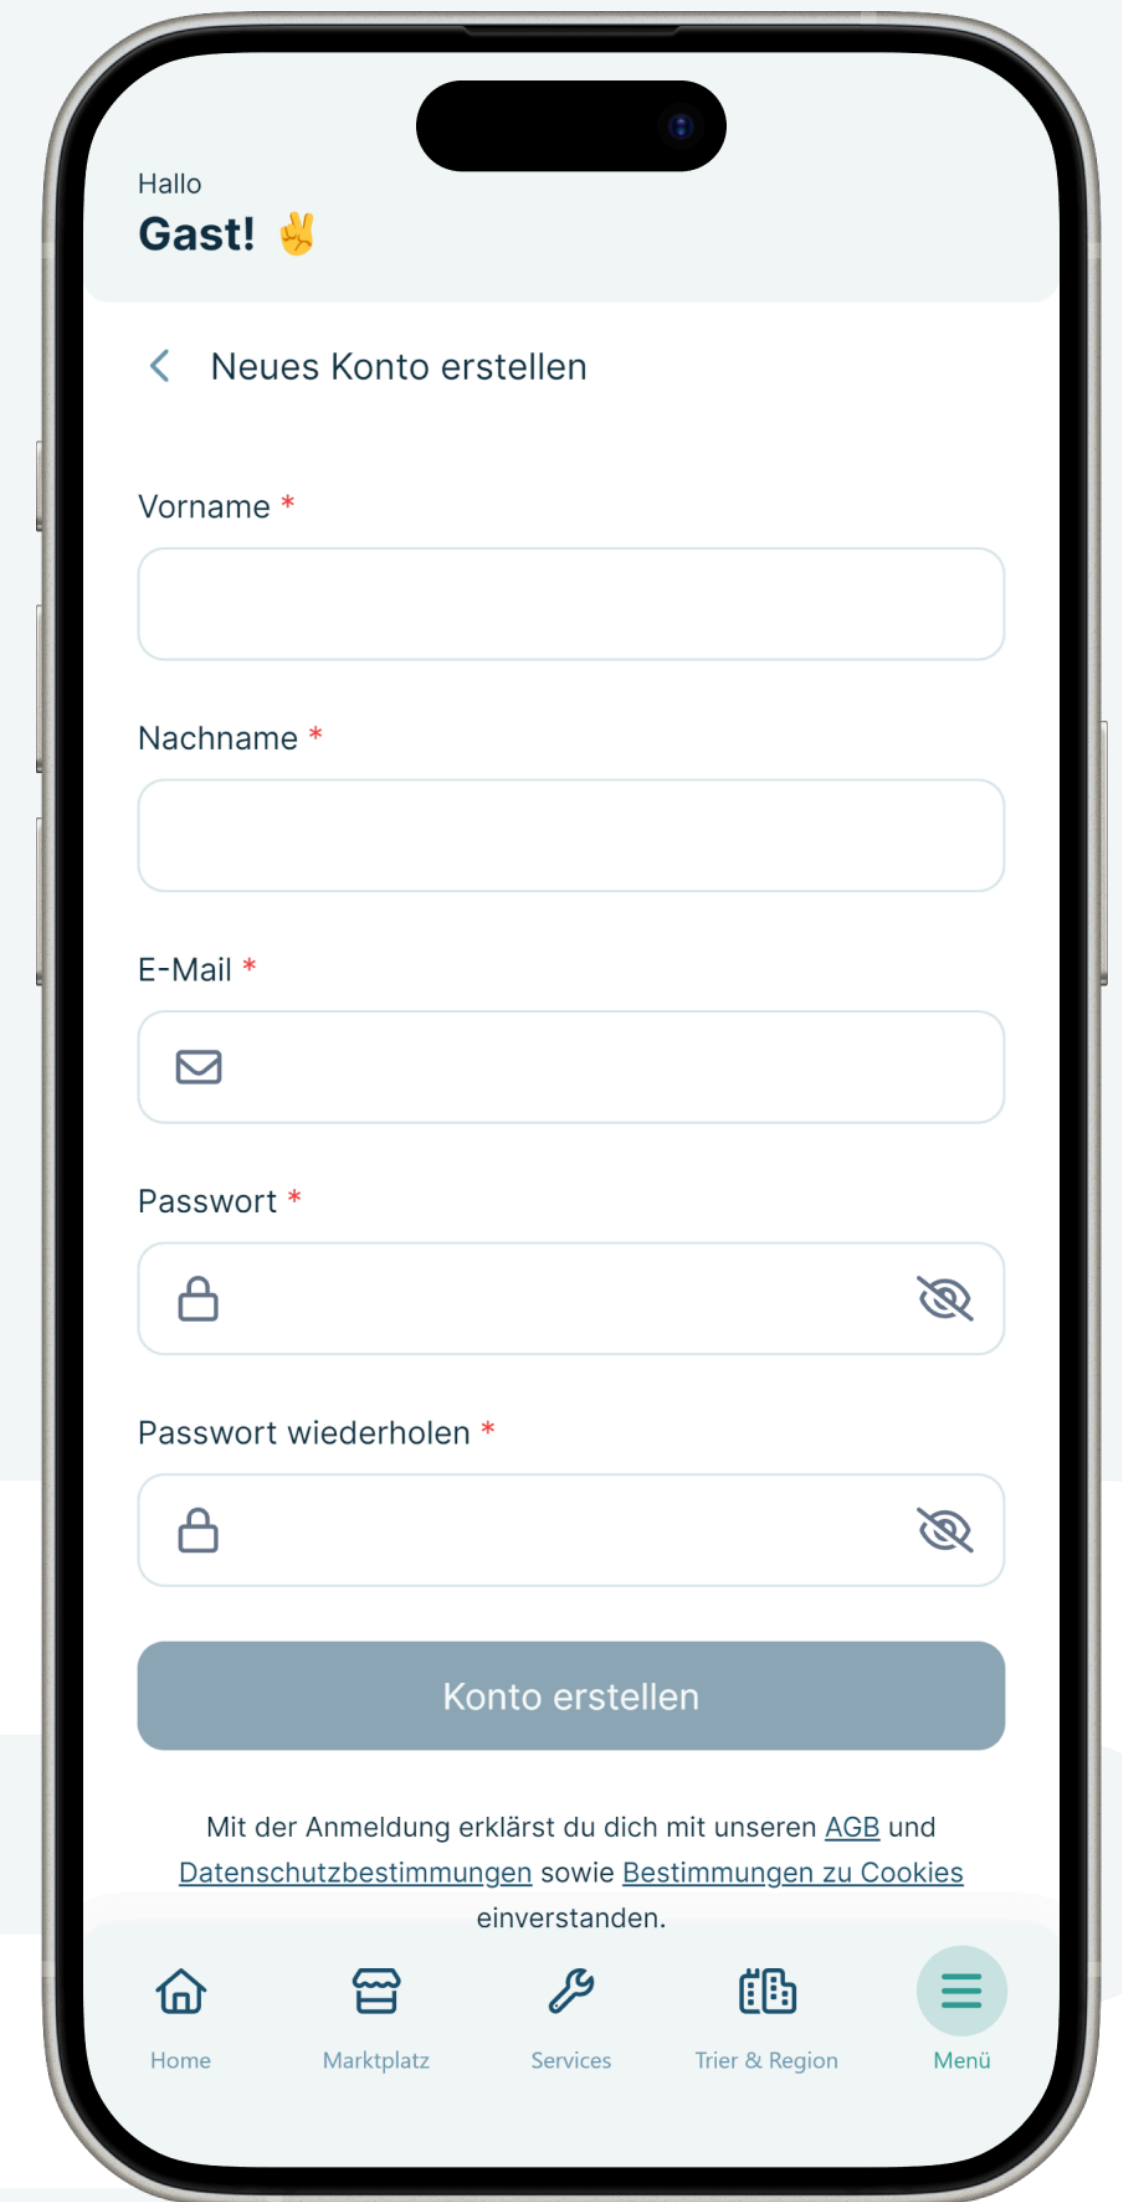

# App download and registration

Students at the Environmental Campus Birkenfeld who already have a user account in the Portazon app can skip this page!

You can find the Portazon app in the App Store and on Google Play.

After downloading, create an account in the app. You will need to enter your name, email address and a password.

Then please verify your account by activating the link we sent you by email.

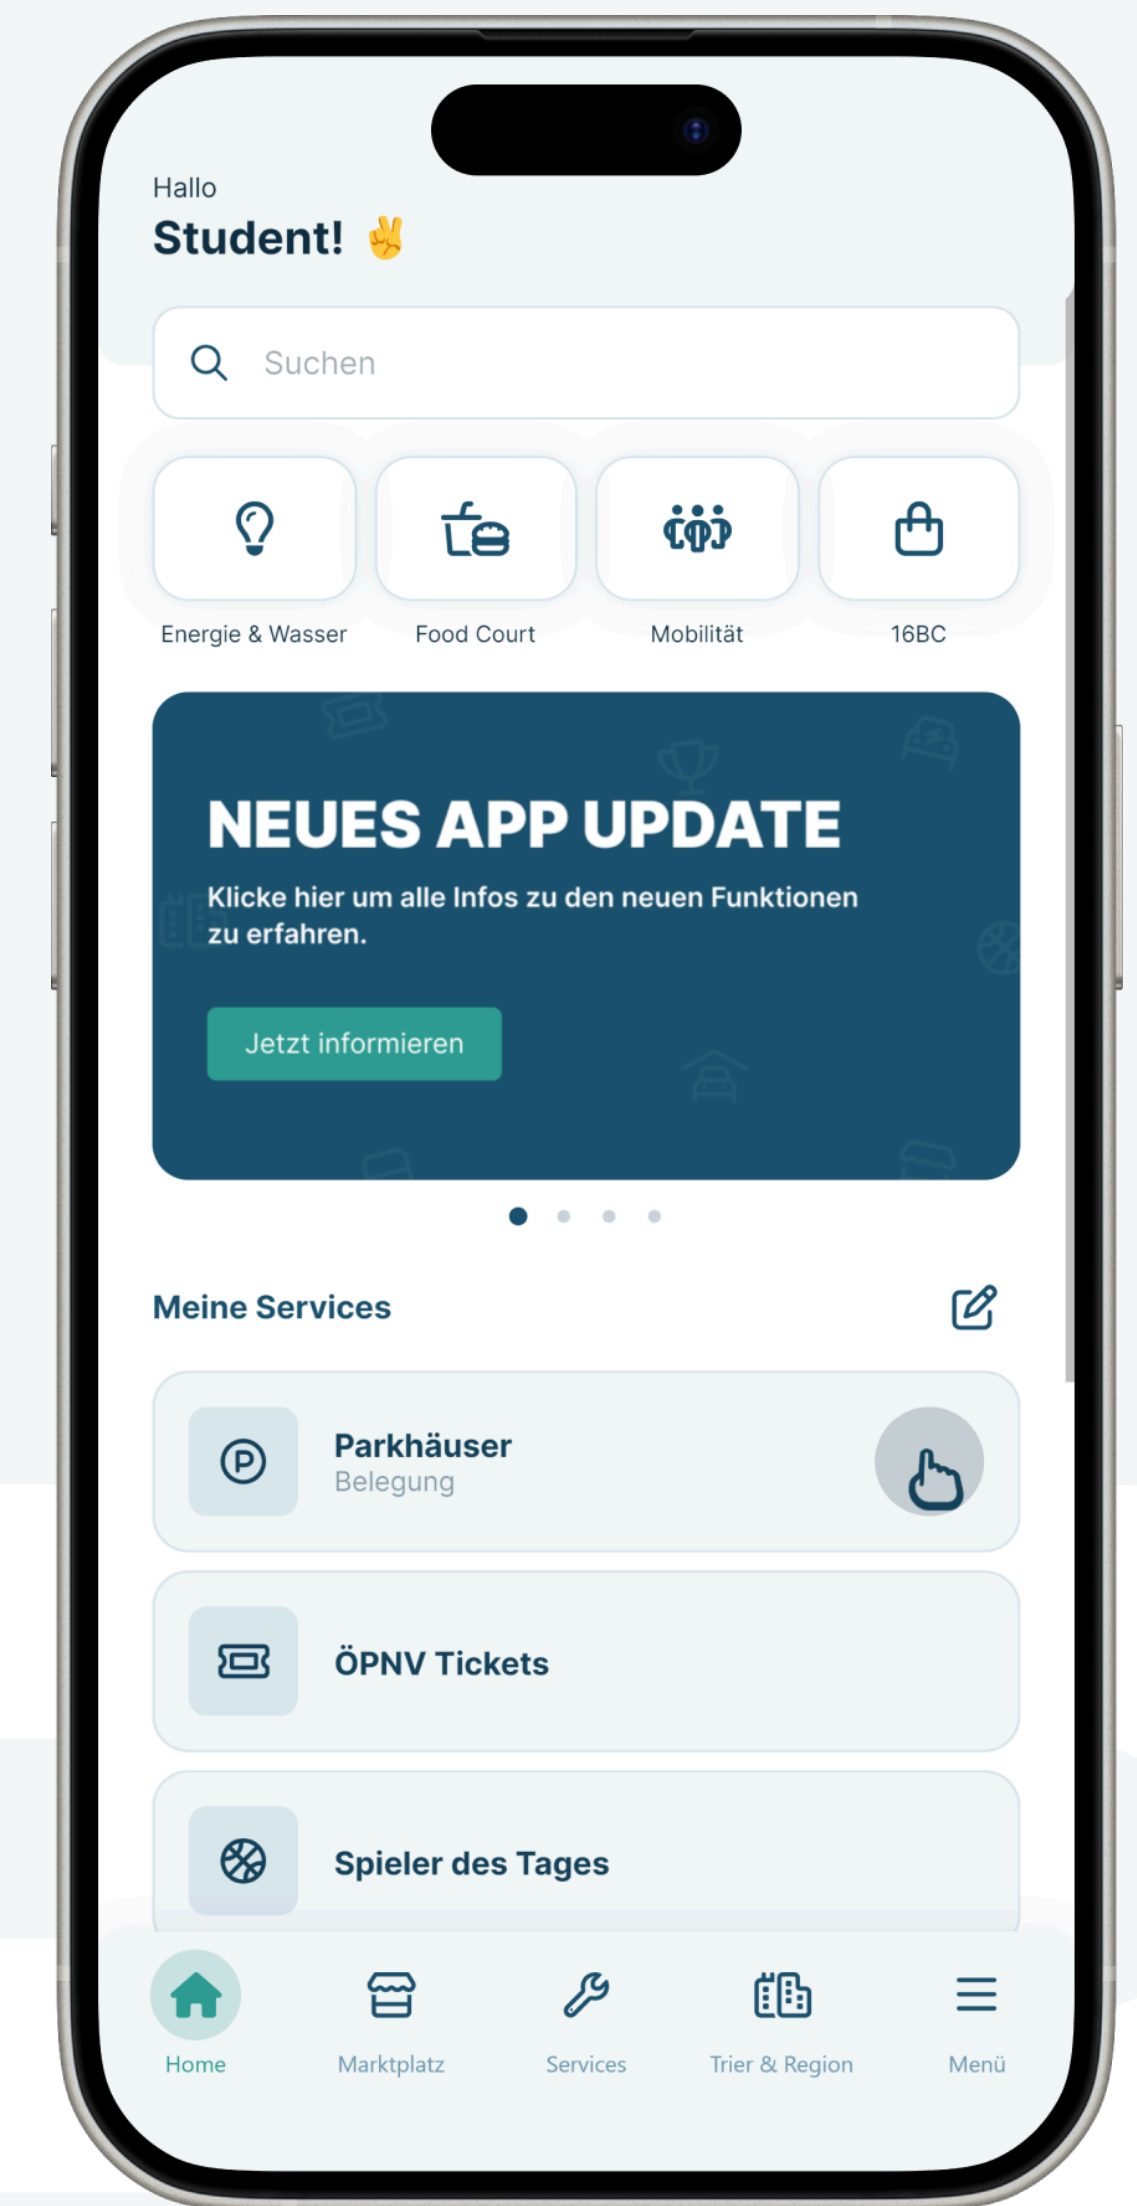

# Where do I find the service?

There are several ways to access the Deutschlandticket in the app:

Quick access mobility at the top of the app (Mobility > Public transport tickets)

Via the navigation bar at the bottom of the app (Services > Mobility > Public transport tickets)

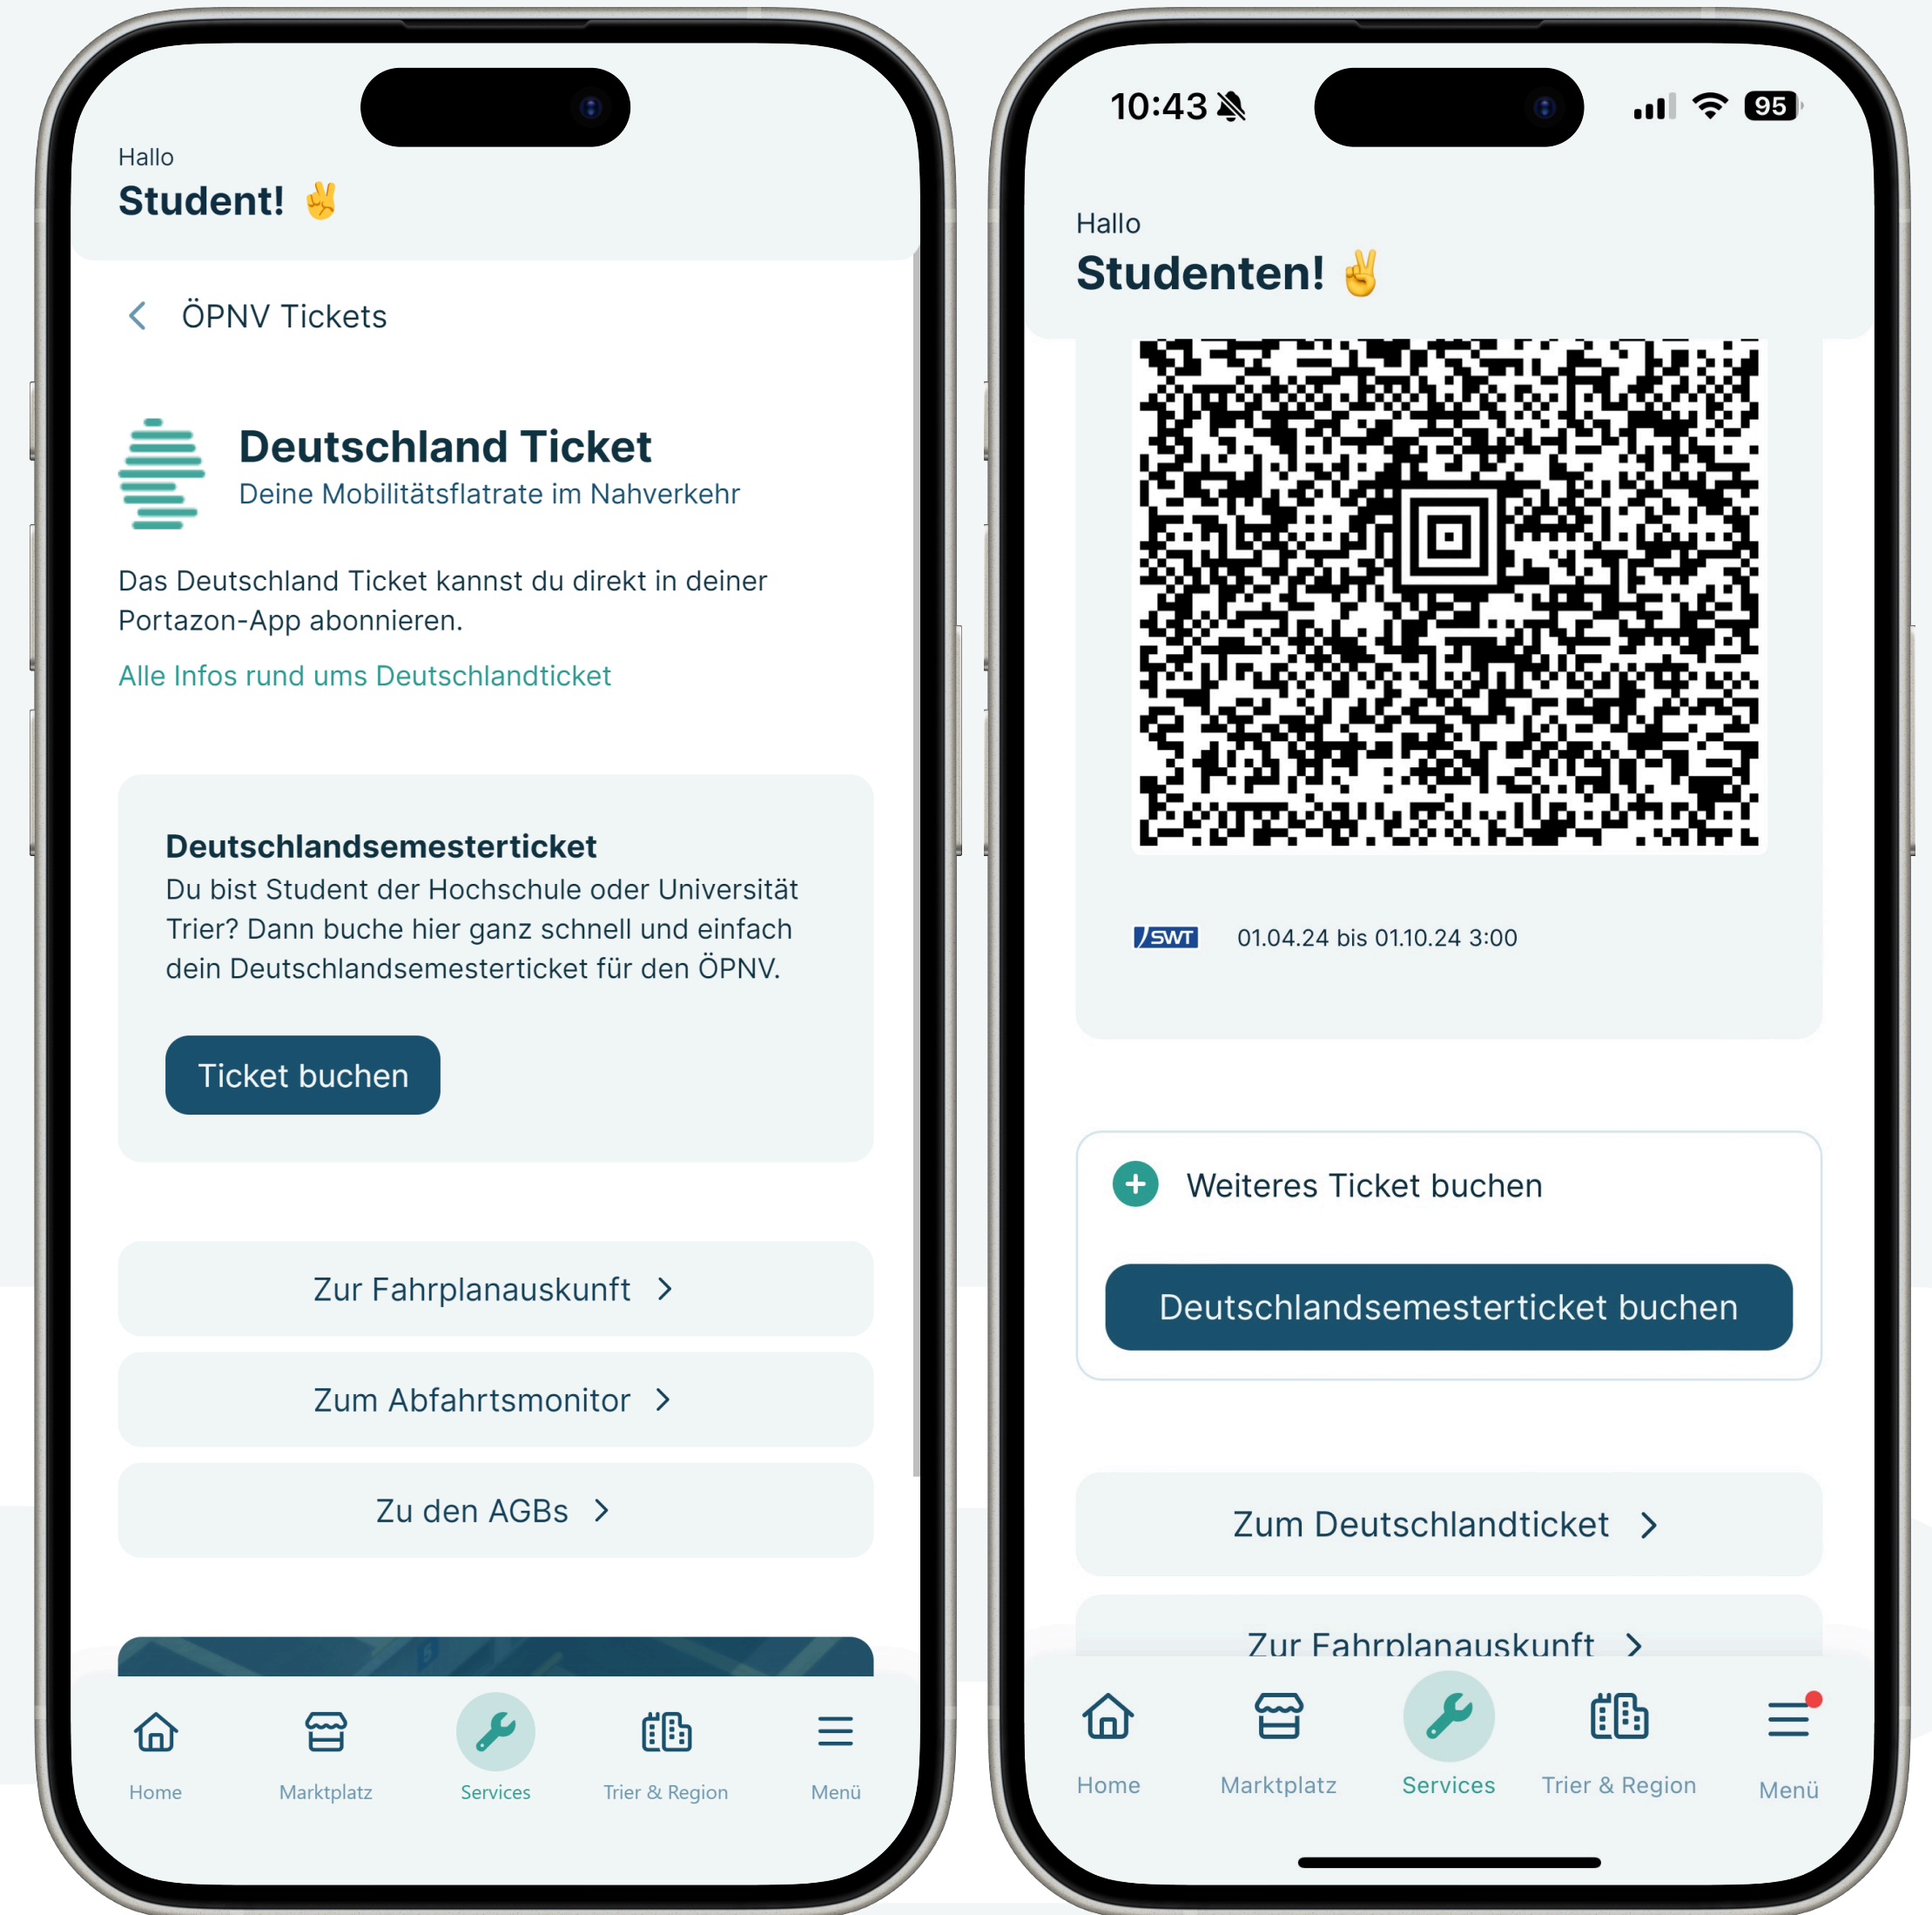

Via your personal favourites in the middle section of the app. Here you can select 'Public transport tickets' directly as a widget and have it displayed at the top of your favourites list.

# Book ticket - Start

If you are new to the app or have not yet booked a ticket, you can start directly with the 'Book ticket' button in the 'Deutschlandsemesterticket' section.

If you already have a current ticket, you can start under 'Book another ticket' by clicking on the 'Book Deutschlandsemesterticket' button.

# Book ticket - Validation

To validate that you are enrolled for the current or next semester, please select Hochschule Trier in the next step.

A login screen will then open in the app.

Please enter your university ID and the corresponding password here.

Hochschule Trier will now confirm your student status in the background and you can continue with the booking.

The image shows two smartphone screens side-by-side, displaying the app interface for booking a ticket and logging in.

## Book ticket - Customer data

So that we can request your ticket from our mobility partner SWT Stadtwerke Trier, you must enter your name and address as you are currently registered in the next step. This information is then stored in the digital ticket and will be read during ticket inspections.

If you already use a service provided by SWT Stadtwerke Trier (e.g. energy and water contracts, e-charging or parking), we recommend that you use your existing customer number. This will save you having to enter it again.

The image displays three overlapping smartphone screens showing the SWT app interface for booking a ticket. The top screen shows the 'Name und Anschrift' form with fields for Name, Nachname, Land, and Adresse. The middle screen shows the 'SWT Vertragsnummer' field. The bottom screen shows the 'Ticket buchen' button and the 'Kundenkonto anlegen' button.

# Book ticket - Confirmation

A summary will be displayed at the end of the booking process.

The process is completed with the 'Book ticket' button.

After a short time, you will find your ticket in the form of a digital code in the public transport tickets section.

Your ticket will now be with you for the whole semester. You can then revalidate for the following semester and receive your next ticket. So you are always mobile - without additional registration.

The validity of the ticket ends after your studies.
